

PHASE 1 – EXPO REGISTRATION STEPS

Step 1: Registration and submission of materials for evaluation for INVIDE 2026 will be conducted using URexhibitpro System. Please click the link below to move to URexhibitpro system.

URexhibitpro System: <https://urexhibitpro.my/invide-2026>

Step 2: Read the information and the participation conditions listed before proceeding for the registration. **Any registration under the Young Inventor and Junior Inventor categories that does not meet the conditions will automatically be registered under Professional Inventor and the participant is required to pay Professional Inventor category fee. If the participant refuses to pay the required fee, his/her registration will be considered nullified. Table 1 shows the two conditions that must be met by the registering inventor.**

Table 1

Inventor Category	Condition 1: First Inventor Age	Condition 2: Video Presenter Age
Young Inventor	12 years old and below	Must be 12 years and below
Junior Inventor	13 – 18 years old	Must be 13 – 18 years old
Professional Inventor	19 years old and above	Must be 19 years old and above

Step 3: To register, click the “**Sign In**” tab in URexhibitpro System

Step 4: Click “**Create Account**” to create new account.

The chart illustrates the Technology Readiness Level (TRL) stages from 1 to 9. It is divided into three main phases: Discovery Stage (Levels 1-4), Determination Stage (Levels 5-6), and Development Stage (Levels 7-9). Each level includes a brief description of the activities and milestones.

Summary (max 1000 words) *

Step 12: Under the Technology Readiness Level (TRL) section, please select the appropriate TRL level that best represents the current development stage of your project. Refer to the TRL chart provided (Levels 1–9) to determine your project’s readiness stage, ranging from basic research to full commercial deployment. Please ensure you select the most accurate TRL level based on your project’s current status.

Step 13: After selecting the appropriate TRL level, complete all required information, including the **“Project Summary”** (maximum 1000 words), **“Existing Intellectual Property”**, **“Commercialization Status”**, and select the relevant **“SDG Goals”** related to your project. Please ensure that all information provided is accurate and clearly written before proceeding with the submission.

Step 14: Under the Supporting File and Uploads section, please provide the required supporting materials. Enter your YouTube Video URL. Upload your poster in PDF or JPG format (maximum file size: 3 MB). You may also upload up to four (4) supporting documents in PDF or JPG format (maximum file size of 3 MB per file). Please ensure all uploaded files meet the specified format and size requirements. After completing the upload, tick the confirmation box to verify that all information provided is correct. You may click **“Save Draft”** to save your progress and complete it later, or click **“Submit for Review”** to finalize and submit your project for evaluation.
